PASTOR RILEY'S ARTICLES:

- [You Cannot Burn a Pearl](#)

There are even some of God's people [ true believers] today, who seem obsessed with having the "church" go through part of the Tribulation to "purify it" before it is caught up to meet the Lord at the rapture. Folks, such a false teaching is both Scripturally [ spiritually] and physically impossible! Why? Because the Lord's church is symbolized by the "pearl of great price."

- [NASA Claims Polar Shift Due In 2012](#) <- **FEATURE!!!**

The Sun's magnetic poles will remain as they are now, with the north magnetic pole pointing through the Sun's southern hemisphere, until the year 2012 when they will reverse again. This transition happens, as far as we know, at the peak of every 11-year sunspot cycle -- like clockwork. Earth's magnetic field also flips, but with less regularity. Consecutive reversals are spaced 5 thousand years to 50 million years apart. The last reversal happened 740,000 years ago. Some researchers think our planet is overdue for another one, but nobody knows exactly when the next reversal might occur.
